APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This Permit is issued subject to all prior rights. It is
understood that the 2.5 cubic feet of water per second herein granted
is only a temporary allowance and the final water right obtained under
this permit will be dependent upon the amount of water actually placed
to a beneficial use. It is further understood that accurate measure-
ments of the water placed to a beneficial use must be included in the
proof of such use when filed. The State reserves the right to regulate
the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount
which can be applied to beneficial use, and not to exceed 2.5
cubic feet per second.

Actual construction work shall begin on or before November 1, 1932

Proof of commencement of work shall be filed before December 1, 1932

Work must be prosecuted with reasonable diligence and be completed on or
before November 1, 1935

Proof of completion of work shall be filed before December 1, 1935

Application of water to beneficial use shall be made on or before

November 1, 1937. Proof of the application of water to beneficial

use must be filed with State Engineer on or before December 1, 1937.
